

The diagram shows a horizontal bar representing a memory segment, filled with a cross-hatch pattern. Above the bar is the label 'INT'. Below the bar, on the left, is a downward-pointing arrow labeled 'EXT'. On the right end of the bar, there is a small circle labeled 'C'.

A diagram of a beam element. A horizontal bar with a cross-hatch pattern represents the beam. Above the bar, the text "EXT" is centered. Below the bar, the text "INT" is centered. A downward-pointing arrow is located below the "INT" text, pointing towards the bottom of the beam. To the right of the beam, a small circle is partially visible.
